3. How long have you been having the headaches?
4. Thank you.
5. Not very well. I have been having bad headaches.
6. I will give you a prescription for some tablets.

### EVALUAMOS: Leer y responder las preguntas

Read and answer the questions about Sue-

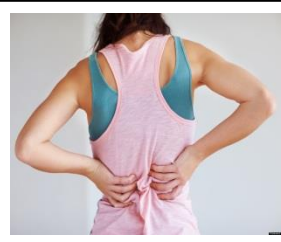

Yesterday I went to see my doctor. He is called Dr. James. I was not feeling very well. I have had a cold for 3 weeks now and a bad cough. My appointment was at 8.45am. I had to take my children to school for half past 8 so I was a bit worried that I would be late!

Dr. James gave me some antibiotics for my cold. It is very expensive to get a prescription. It cost me £8.20. When I went to the chemist the staff asked me if I was allergic to anything. I also bought some lozenges for my cough and some chocolates to cheer myself up!!

- When did Sue go to see her doctor?  
Is her doctor a man or a woman?  
What is Sue's doctor's name?  
Why did Sue go to see her doctor?  
What time was her appointment?  
Why was Sue worried that she would be late?  
What medicine did Sue's doctor give her?  
How much did the prescription cost?  
What did the staff at the chemist ask Sue?  
What did Sue buy from the chemist?  
What would you buy to cheer yourself up?

Name these illnesses-

Quédate en casa
